# Table of Contents

# 1. Summary

This deliverable records the agreement between the two lead partners involved in the dissemination work package of INCREASE (WP6) (JR and UGENT) on the coordination of this WP and thus the project's dissemination in general.

# 2. Assignment of dissemination and exploitation coordinator

During a telephone conference on August 20th 2013, it was agreed between the two main partners of WP6 (JR and UGENT) that partner JR (Joanneum Research) will coordinate the dissemination of INCREASE.

This task/responsibility involves:

- Maximizing the international visibility of the project through the development of a dissemination strategy focused towards different pre-defined target groups.
- Designing, setting up and maintaining INCREASE's interactive dissemination platform.
- Disseminating EU wide the project results.
- Preparing the exploitation of the project results (i.e. deployment of the results).

The first specific tasks for JR are the following:

- Designing a project logo.
- Designing templates for presentations, etc.
- Developing the project's website.
- Maintaining the project's website.
